CITY OF TORONTO

SUPPLEMENTARY NOTICE OF APPLICATION FOR SPECIAL LEGISLATION

NOTICE IS HEREBY GIVEN that, on behalf of The Corporation of the City of Toronto, application will be made to the Legislative Assembly of the Province of Ontario at its next session, for special legislation to provide:

1. That, at the option of Council, all or any part of the surplus funds of The Parking Authority of Toronto may be used for any lawful purpose of The Corporation of the City of Toronto, any general or special Act or any order of The Ontario Municipal Board notwithstanding.

2. That *The City of Toronto Act, 1936*, as amended, section 6 (20) and *The City of Toronto Act, 1971*, section 11 (13) be amended so as to clarify the right of the Corporation to proceed by prosecution for a breach of such statutes or any by-law passed thereunder without bringing into effect the provisions of the said statutes relating to

the housing standards appeal committee or the non-residential standards appeal committee respectively.

3. That Council may by by-law exercise certain powers respecting the control of demolitions of buildings and structures in the City of Toronto. The general scheme of the proposed legislation is to provide for a "statutory freeze" for a period of six months on demolitions, except for unsafe buildings, in a defined area upon the passing of a by-law designating such area. If, during that period, a study of such area, which in the opinion of council is subject to redevelopment pressures, has been initiated for the purpose of recommending policies for adoption by way of amendment to the Official Plan and if Council is of the view that demolitions may prejudice the effectiveness of any such policy, Council may pass a by-law, subject to the approval of the Ontario Municipal Board and subject to the right of any person aggrieved to apply to council for relief therefrom with a further right of appeal to the Ontario Municipal Board from council's refusal to afford such relief, prohibiting in any part or parts of the area the demolition of buildings or structures or any class thereof. The "by-law freeze" would continue in force for two years from the expiry of the statutory freeze or until disposition of the Official Plan amendment. Any general or special Act with respect to standards of maintenance of buildings and by-laws passed thereunder remain in effect except no right to demolition occurs. Penalties are provided in the amount of \$2,000.00 for every building demolished contrary to the legislation or a by-law passed thereunder. There are other provisions respecting applications for demolition permits.

Dated at Toronto this 11th day of February, 1974.

2. Commissioner Solandt has requested Ontario Hydro to file a written (technical) report, pertaining to this matter and to present an oral summary of the report to interested parties at a public and press conference beginning at 10 a.m., on April 2, 1974, in the Royal Canadian Legion Hall, 99 Toronto Road, Port Hope, Ontario.

3. Any interested party who wishes to present a brief should file a copy of such brief with the Secretary on or before April 26, 1974, indicating at the same time whether he wishes to speak at a subsequent public hearing and, if so, whether at Port Hope or at Belleville.

Such parties should specify in writing the area of their concern and indicate the nature of the testimony which they wish to give at the subsequent hearings, and whether at Port Hope or at Belleville.

5. Commissioner Solandt will hold a pre-hearing, beginning at 10 a.m., on April 29, 1974, in the Royal Canadian Legion Hall, Port Hope, in order that the schedule and procedures of the subsequent public hearings may be discussed with interested parties.

All such requests, however, should be filed with the Secretary on or before April 26, 1974.

**SUPPLEMENTARY NOTICE OF APPLICATION
FOR SPECIAL LEGISLATION**

NOTICE IS HEREBY GIVEN that, on behalf of The Corporation of the City of Toronto, application will be made to the Legislative Assembly of the Province of Ontario at its next session, for special legislation to provide:

1. That, at the option of Council, all or any part of the surplus funds of The Parking Authority of Toronto may be used for any lawful purpose of The Corporation of the City of Toronto, any general or special Act or any order of The Ontario Municipal Board notwithstanding.

2. That *The City of Toronto Act, 1936*, as amended, section 6 (20) and *The City of Toronto Act, 1971*, section 11 (13) be amended so as to clarify the right of the Corporation to proceed by prosecution for a breach of such statutes or any by-law passed thereunder without bringing into effect the provisions of the said statutes relating to

the housing standards appeal committee or the non-residential standards appeal committee respectively.

3. That Council may by by-law exercise certain powers respecting the control of demolitions of buildings and structures in the City of Toronto. The general scheme of the proposed legislation is to provide for a "statutory freeze" for a period of six months on demolitions, except for unsafe buildings, in a defined area upon the passing of a by-law designating such area. If, during that period, a study of such area, which in the opinion of council is subject to redevelopment pressures, has been initiated for the purpose of recommending policies for adoption by way of amendment to the Official Plan and if Council is of the view that demolitions may prejudice the effectiveness of any such policy, Council may pass a by-law, subject to the approval of the Ontario Municipal Board and subject to the right of any person aggrieved to apply to council for relief therefrom with a further right of appeal to the Ontario Municipal Board from council's refusal to afford such relief, prohibiting in any part or parts of the area the demolition of buildings or structures or any class thereof. The "by-law freeze" would continue in force for two years from the expiry of the statutory freeze or until disposition of the Official Plan amendment. Any general or special Act with respect to standards of maintenance of buildings and by-laws passed thereunder remain in effect except no right to demolition occurs. Penalties are provided in the amount of \$2,000.00 for every building demolished contrary to the legislation or a by-law passed thereunder. There are other provisions respecting applications for demolition permits.

Dated at Toronto this 11th day of February, 1974.

CITY OF TORONTO

SUPPLEMENTARY NOTICE OF APPLICATION FOR SPECIAL LEGISLATION

NOTICE IS HEREBY GIVEN that, on behalf of The Corporation of the City of Toronto, application will be made to the Legislative Assembly of the Province of Ontario at its next session, for special legislation to provide:

1. That, at the option of Council, all or any part of the surplus funds of The Parking Authority of Toronto may be used for any lawful purpose of The Corporation of the City of Toronto, any general or special Act or any order of The Ontario Municipal Board notwithstanding.

2. That *The City of Toronto Act, 1936*, as amended, section 6(20) and *The City of Toronto Act, 1971*, section 11(13) be amended so as to clarify the right of the Corporation to proceed by prosecution for a breach of such statutes or any by-law passed thereunder without bringing into effect the provisions of the said statutes relating to

the housing standards appeal committee or the non-residential standards appeal committee respectively.

3. That Council may by by-law exercise certain powers respecting the control of demolitions of buildings and structures in the City of Toronto. The general scheme of the proposed legislation is to provide for a "statutory freeze" for a period of six months on demolitions, except for unsafe buildings, in a defined area upon the passing of a by-law designating such area. If, during that period, a study of such area, which in the opinion of council is subject to redevelopment pressures, has been initiated for the purpose of recommending policies for adoption by way of amendment to the Official Plan and if Council is of the view that demolitions may prejudice the effectiveness of any such policy, Council may pass a by-law, subject to the approval of the Ontario Municipal Board and subject to the right of any person aggrieved to apply to council for relief therefrom with a further right of appeal to the Ontario Municipal Board from council's refusal to afford such relief, prohibiting in any part or parts of the area the demolition of buildings or structures or any class thereof. The "by-law freeze" would continue in force for two years from the expiry of the statutory freeze or until disposition of the Official Plan amendment. Any general or special Act with respect to standards of maintenance of buildings and by-laws passed thereunder remain in effect except no right to demolition occurs. Penalties are provided in the amount of \$2,000.00 for every building demolished contrary to the legislation or a by-law passed thereunder. There are other provisions respecting applications for demolition permits.

Dated at Toronto this 11th day of February, 1974.

Treasurer's Sale of Lands for Taxes

Each year, municipal and county treasurers compile a list of properties against which taxes are outstanding for at least two successive years, which is a period sufficient to permit sale of the owner's assets to reimburse the municipality. These lists are submitted by the municipal representative to the Ministry of Government Services for publication in THE ONTARIO GAZETTE.

The Gazette is published every Saturday. Tax sale lands are included only in the issue of the first Saturday of each month. Each property is described so that it may be properly identified. Also shown are the amount of tax arrears and costs, and the date, time and place where the sale will be held, which is usually in a public building in the locality. Sales are held three months or later following the date of publication in the Gazette and are subject to a reserve bid equal to the amount of tax arrears and costs.

The previous owner may by law redeem the property any time within one year and one day after the date of tax sale by paying to the municipality all arrears plus costs levied. Where redemption occurs, the municipality reimburses the purchaser of tax sale lands for the amount paid at the sale plus an additional amount to be determined in each case.

If the land is not redeemed in the manner described above, the purchaser at sale, receives from the municipality a tax deed or certificate which should be registered in the appropriate Land Titles or Registry Office. A purchaser should ascertain from either of these offices, information relating to any of the charges or liens against the land and consider the advisability of employing the services of a solicitor to determine the extent, if any, of his liability.

The foregoing applies to tax sale lands which were privately owned. In the event the land is the property of the Crown as represented by the Province of Ontario, only the improvements on the property, such as buildings, may be sold. In this case, an intending purchaser should for his own protection ascertain from the local office of the Ministry of Natural Resources whether or not the land or any part can be purchased or leased from the Ministry. If it cannot, then the purchaser of the improvements would be required to remove them from the land.

In some cases, land advertised for sale in the Gazette may be bought by the municipality, or the owner, prior to sale, may pay the tax arrears and costs. Where this occurs, the land is removed from the tax sale lists.

LE RÉGIME DES CRÉDITS D'IMPÔT DE L'ONTARIO

Règles et indications générales

Crédit d'impôt foncier

- Le crédit d'impôt foncier de l'Ontario peut être demandé par tous les particuliers qui étaient résidents de l'Ontario le 31 décembre 1973, *sauf*,
 - a) les personnes âgées de moins de 16 ans à la fin de 1973, et
 - b) les personnes âgées de moins de 21 ans à la fin de 1973 qui habitent à la maison et sont comptées comme personnes à charge.
- Le crédit d'impôt foncier doit être demandé par le conjoint ayant le revenu imposable le plus élevé.
- Pour déterminer le coût d'habitation, vous ne devez compter que l'impôt foncier ou le loyer de votre *résidence principale*. Vous ne pouvez faire entrer dans le coût d'habitation l'impôt foncier ni le loyer d'une résidence secondaire ou d'un chalet.

Crédit de taxe de vente

- Toute personne résidant en Ontario le 31 décembre 1973 peut demander le crédit de taxe de vente de l'Ontario, *sauf*:
 - a) les personnes âgées de moins de 16 ans à la fin de 1973, et
 - b) les personnes comptées comme personnes à charge aux fins de l'impôt sur le revenu par tout autre résident de l'Ontario.

Crédit d'impôt aux pensionnés

- Toute personne qui était âgée de 65 ans ou plus à la fin de 1973 et résidait en Ontario le 31 décembre 1973 peut demander le crédit d'impôt aux pensionnés de l'Ontario, *sauf* que, dans le cas où le mari et la femme étaient âgés tous deux de 65 ans ou plus à la fin de ladite année et habitaient la même résidence privée, seul le conjoint ayant le revenu imposable le plus élevé peut demander ce crédit. Si aucun des conjoints n'a un revenu imposable, le crédit peut être demandé soit par l'un, soit par l'autre, mais non par les deux.
- Lorsqu'un seul des conjoints est âgé de 65 ans ou plus, c'est ce conjoint qui peut demander le crédit.

Résidence principale

Par «résidence principale» on entend le logement qui était habituellement occupé ou habité pendant l'année d'imposition.

Dans le cas d'une personne qui déménage, la résidence principale comprend tous les logements (ou les adresses en Ontario) qu'elle a occupés ou habités pendant l'année d'imposition.

On doit faire un calcul proportionnel du montant annuel des impôts fonciers ou du loyer afin de ne compter que la période pendant laquelle un logement a servi de résidence principale. La résidence principale comprend une résidence temporaire, par exemple une chambre d'hôtel que le particulier a occupée de façon continue pendant la totalité ou une partie de l'année, et comprend également un logement mobile, comme une roulotte, lui ayant servi de résidence principale.

Coût d'habitation

Par «coût d'habitation» il faut entendre

- a) la totalité de l'impôt foncier versé à l'égard de la résidence principale pour l'année d'imposition, ou
- b) 20% du loyer total (à l'exclusion de tout montant payé pour les repas ou l'hébergement) versé à l'égard de la résidence principale pour l'année d'imposition.

Conjoint ayant le revenu imposable le plus élevé

Lorsque les conjoints habitent la même résidence principale, le crédit d'impôt foncier et (ou) le crédit d'impôt aux pensionnés de l'Ontario doivent être demandés par le conjoint ayant le revenu imposable le plus élevé, quel que soit celui qui détient le titre de propriété de la résidence principale.

Cas particuliers

Personnes qui poursuivent des études au niveau post-secondaire

Lorsque la résidence principale d'un particulier qui poursuit à plein temps des études au niveau post-secondaire se trouve dans un logement (prescrit par les Règlements) tenu par une université ou un collège de l'Ontario, le coût d'habitation à l'égard de cette résidence est limité à \$25.

Autres particuliers

Les particuliers suivants sont aussi admis à demander le crédit d'impôt foncier de l'Ontario:

- a) locataires de logements subventionnés,
- b) locataires de logements pour personnes âgées,
- c) usufruitiers viagers,
- d) particuliers effectuant des paiements en vertu d'un contrat de vente, et
- e) particuliers qui sont décédés au cours de l'année et au nom desquels on produit une déclaration d'impôt sur le revenu.

Diplomates et militaires étrangers

Les diplomates, les représentants de gouvernements étrangers et les militaires étrangers non tenus de produire une déclaration canadienne d'impôt sur le revenu n'ont pas droit aux crédits d'impôt de l'Ontario.

N.B. Les crédits d'impôt de l'Ontario sont versés dans le cadre du régime d'impôt sur le revenu.

Après le calcul des crédits auxquels vous avez droit, reportez-en le montant à la ligne 48, en page 1 de votre déclaration d'impôt sur le revenu.

Treasurer's Sale of Lands for Taxes

Each year, municipal and county treasurers compile a list of properties against which taxes are outstanding for at least two successive years, which is a period sufficient to permit sale of the owner's assets to reimburse the municipality. These lists are submitted by the municipal representative to the Ministry of Government Services for publication in THE ONTARIO GAZETTE.

The Gazette is published every Saturday. Tax sale lands are included only in the issue of the first Saturday of each month. Each property is described so that it may be properly identified. Also shown are the amount of tax arrears and costs, and the date, time and place where the sale will be held, which is usually in a public building in the locality. Sales are held three months or later following the date of publication in the Gazette and are subject to a reserve bid equal to the amount of tax arrears and costs.

The previous owner may by law redeem the property any time within one year and one day after the date of tax sale by paying to the municipality all arrears plus costs levied. Where redemption occurs, the municipality reimburses the purchaser of tax sale lands for the amount paid at the sale plus an additional amount to be determined in each case.

If the land is not redeemed in the manner described above, the purchaser at sale, receives from the municipality a tax deed or certificate which should be registered in the appropriate Land Titles or Registry Office. A purchaser should ascertain from either of these offices, information relating to any of the charges or liens against the land and consider the advisability of employing the services of a solicitor to determine the extent, if any, of his liability.

The foregoing applies to tax sale lands which were privately owned. In the event the land is the property of the Crown as represented by the Province of Ontario, only the improvements on the property, such as buildings, may be sold. In this case, an intending purchaser should for his own protection ascertain from the local office of the Ministry of Natural Resources whether or not the land or any part can be purchased or leased from the Ministry. If it cannot, then the purchaser of the improvements would be required to remove them from the land.

In some cases, land advertised for sale in the Gazette may be bought by the municipality, or the owner, prior to sale, may pay the tax arrears and costs. Where this occurs, the land is removed from the tax sale lists.
